Dear Clint:

Well, you did it again! Preliminary surveys from your workshop indicated everyone attending your workshop was very satisfied and came away with useful information they can implement back at the office. I know you have moved on to focus on leadership as your primary topic, and appreciate the fact that you "backtracked" to fit our immediate needs. Rest assured we will keep you in mind for future conferences.

Thank you for helping make the 2002 AAA Travel Conference a success.

Best wishes,

Betsy Sell
Managing Director

Sandra Carroll
Manager

P.S. Best wishes also for your upcoming marriage!
