San Antonio, TX 78270-0787

Dear Clint:

On behalf of the Texas Association of School Business Officials, I extend our heartfelt thanks to you for speaking to our members on March 1 during TASBO's 56th Annual Conference. We were delighted that you were able to do a keynote address and breakout session for our members especially since your message of encouragement and enthusiasm was so well received by our leadership team last December.

Clint, we are thankful that in today's world filled with pessimism and uncertainty, we have people like you who remind us to rejoice in the good things around us, achieve a balance in life, and enjoy our journey along the way. You were such a hit with this group! I have received numerous phone calls from conference attendees who want to have you speak to their school district employees and community organizations. Of course, I am more than happy to pass along a hearty recommendation.

Again, thank you for being with us in Corpus Christi and doing such a super job!

Best regards,

Theresa M. Bledsoe, APR
Director of Communications & Planning
