July 9, 2001

Mr. Clint Swindall  
3243 Swandale Street  
San Antonio, TX 78230

Dear Clint,

Thank you for being an integral part of the 2001 TSAE Annual Meeting & Education Conference last week in Dallas. The overall goal was to provide an interactive learning experience focused on the development of skills that would allow attendees to excel in the midst of changes and challenges within their professional and personal lives. Your session was right on target!

We were very fortunate to have you scheduled as one of our general session keynote speakers. Your presentation sent our participants out to the remaining sessions with enthusiasm and open minds. A tribute to your magnetic presentation was when so many of the participants turned around and filled your educational break out session later that afternoon following your opening session.

Again, thank you on behalf of the TSAE Board and all of those who attended the conference. We look forward to working with you again on a future TSAE program.

Sincerely,

Linda D. Rudwick  
Special Projects Director
